Goals for 2025 Membership

As we look forward to 2025, we are excited to share the Membership options that caters to all. Our semi-private model offers unique opportunities for everyone, and we believe we can attract more golf enthusiasts through targeted efforts. Here are the goals for our 2025 golf season.

One of the key draws of Paint Creek is our commitment to competitive and fun golf tournaments. We have crafted our tournament calendar to include a variety of formats, such as best ball, themed scrambles, and many more. These tournaments not only provide exciting competition but also foster camaraderie among members and their guests, showcasing our club's welcoming spirit.

We have some fantastic membership options that cater to a diverse range of golfers, including individual, couples, family, and junior memberships. By emphasizing the benefits of these options—such as access to exclusive events and reduced green fees—we can attract new members who are eager to experience all that Paint Creek has to offer.

Our hope is to plan for more inclusive social events, such as family days, themed dinners, and community outreach activities. By highlighting these gatherings, we can attract families and individuals looking for a place to connect, relax, and enjoy great golf.

Launching engaging junior golf clinics and tournaments will attract families looking to introduce their children to the sport. This past year, we had a great turn out of children who joined our Junior Golf Program hosted by Steve Vickery and Gibson Penrose. By investing in youth programming, we can cultivate a new generation of golfers who are eager to join our community!

By implementing these initiatives, we can position Paint Creek Country Club as a great destination for golf enthusiasts in our community.
