WELCOME TO PAINT CREEK COUNTRY CLUB

Nestled among the beautiful rolling hills and ponds of Lake Araho, Paint Creek is one of Northern Oakland County's most picturesque private country clubs. The club is located in a comfortable, remote setting only minutes from I-75.

The newly renovated 20,000 square foot two-story clubhouse offers a comfortable setting for social activities. The impressive 225-seat main dining room overlooks the first tee, the third green, and our new number nine green, creating a pleasant setting to enjoy your event with meals prepared and served by our professional staff. Our Professional Management Team supervises all catering details so you are able to enjoy your event. Savor the culinary delights prepared by our Executive Chef while we provide a most memorable experience for you and your guests.

Experience the luxury of a country club! Special arrangements can be made so you are able to host your special event at Paint Creek even without a membership. The enclosed packet includes our banquet packages and site details. We are also happy to work with you on custom menu items upon request. Contact our event specialist for more details!
